Formax[®] IFFA Preview

Formax[®] will be unveiling new forming and slicing technologies designed to enhance line performance, hygiene and cost-efficiency. This year's exhibit will emphasize new technologies offering more control over forming and slicing lines. Slicing systems will include the FXplus[®] and SNS[®] for natural shapes. State-of-the-art forming systems will include the Maxum700[®], F-26[™], F-19[™], F-400[™] and F-6[™]. Expect a surprise that makes the exhibit among the IFFA's best. In slicing, powerful FXplus[®] "loaf to packaging" solutions for drafts, shaved bunches or stacks will be exhibited. Visit Hall 8 Stand J64.

For more information, call Formax[®], Inc., Schipholweg 315, 1171 PL Badhoevedorp; The Netherlands. Phone: (+31) 20 6590800. Fax: (+31) 20 6590801.
